

PROP-DEFENDER – Stage 1 and 2 Top Coat

Conforms to 93/112/EEC and ISO.11014-1

HEALTH & SAFETY DATA SHEET

1. Identification

Product name: Stage 1 + 2 Prop-Defender Top Coat
Application: Flowable one part silicone coating.
Supplier: Ocean Coatings Ltd, NETPark Plexus, Thomas Wright Way, Sedgefield, Co, Durham, TS21 3FD, UK
Tel: +44 (0) 1740 625262 Ocean Coatings Ltd, NETPark Plexus, Thomas Wright Way, Sedgefield, Co, Durham, TS21 3FD, UK
Tel: +44 (0) 1740 625262

2. Composition

2-Pentanone, O,O',O''-(methylsilylidyne)trioxime
N-(2-aminoethyl)-N-(3-(trimethoxysilyl)propyl)ethylenediamine

The product does not contain any PVT or vPvB in % greater than 0.1%

3. Hazard Identification

Hazard labelling pursuant to EC Regulation 1272/2008 (CLP)

Label elements

Signal Word -

Hazard Statements -

Precautionary Statements -

EUH210 Safety data sheet available upon request.

4. First Aid Measures

Eye contact: Wash well with water for at least 15 minutes. If irritation persists seek medical advice
Skin contact: Rinse skin with a shower immediately. Get medical advice immediately.
Inhalation: Move into fresh air and keep at rest. Get medical attention if discomfort continues.
Swallowing: Get medical advice immediately. Do not induce vomiting.

Extinguishing media

Carbon dioxide, foam or dry powder.

Do not use water jet as an extinguisher as this will spread the fire.

Hazardous combustion products: No dangerous fumes are involved in a fire situation.

Water may be used to keep fire exposed containers cool.

6. Accidental Release

In the event of spillage mop up bulk with vermiculite, dry sand or earth and into containers. Treat large spillage as industrial waste.

7. Handling and Storage

Store in sealed original containers. Do not mix with other material.

Keep away from sources of heat and prevent from freezing.

Provide good ventilation when in use

8. Exposure Controls/Personal Protection

Respiratory Protection	None required.
Hand protection	None required.
Eye protection	None required.
Skin protection	None required.
Hygienic work practices	Do not smoke in work area.

9. Physical and Chemical Properties

Appearance	Liquid colourless.
Odour	Typical.
PH value at 20 C	9.4 – 9.8 at 20 C
Relative density	0.95 at 20C
Solubility	Insoluble in water
Viscosity	<150 poise @20C

10. Stability and Reactivity

This product is stable under all normal conditions of use. Protect from freezing.

Avoid excessive heat for long periods.

11. Toxicological Information

This product contains sensitising substances and may cause allergic reactions.

12. Ecological Information

This product is not known to cause any adverse environmental effects when used according to the instructions.

13. Disposal Considerations

Dispose of any bulk material as industrial waste according to local authority waste regulations.

14. Transport Information

This product is not covered by international regulation on the transport of dangerous goods (IMDG, IATA, ADR/RID). UN number – not applicable.

Transport in bulk according to Annex II of MARPOL 73/78 – Information not relevant.

15. Regulatory Information

This product has been classified and marked in accordance with directives on hazardous materials.

16. Other Information

For additional information regarding this product see the product data sheet and label or contact the supplier.
